To the RHS Graduating Class of 2005,

Wow! We've finally made it to the end - but actually, it's quite the opposite. What do you need to begin something?

A foundation.

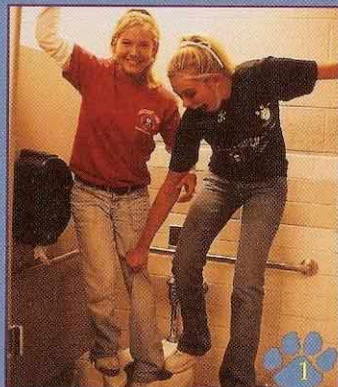

These past four years have been the foundation for the rest of our lives. They've helped determine who we are and what we will become.

Seniors, build goals and set standards on this foundation. Set them high. Then I challenge you to achieve every last one of them.

Remember, anyone can be second best. In order to be a REAL success you need to be THE best. I give you my love, respect, and best wishes. Congratulations, Class of '05! We have made it!

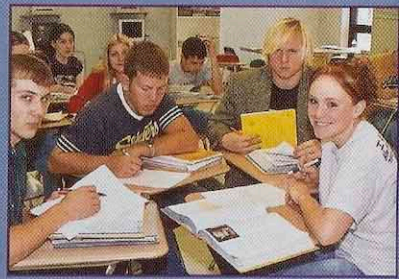

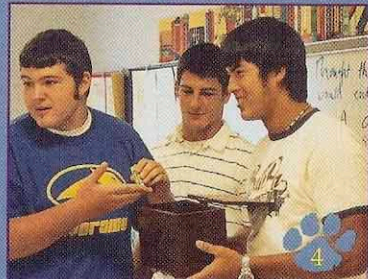

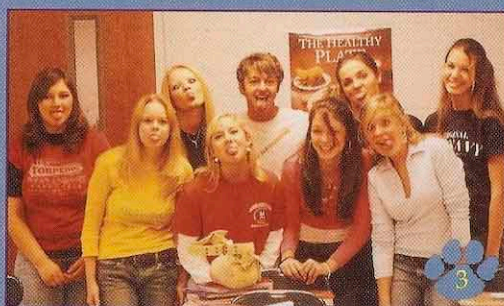

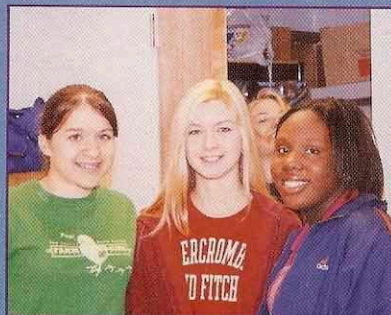

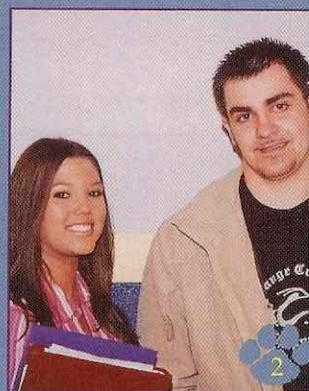

Your 2004-2005
Senior Class President,
Amanda Littles

Kindle Rouse was chosen to attend the Commonwealth Honors Academy at Murray State University in June 2004.

She and the 75 other Honors Academy scholars attended campus presentations including lectures, a concert, forums on diversity and college/career planning; took trips to the Frist Art Museum and the Tennessee Performing Arts Center in Nashville and to the Civil Rights Museum in Memphis; and participated in a foreign film festival, dances, and variety shows. The Honors Academy concluded with a learning fair where the students showcased their work from their academic classes.

For her participation in the Commonwealth Honors Academy, Kindle received six credit hours of college-level academic credit and has the opportunity to take six additional credit hours, tuition free, at Murray State University during her senior year at RHS.

Congratulations to Kindle for her stellar representation of Riverside High School.

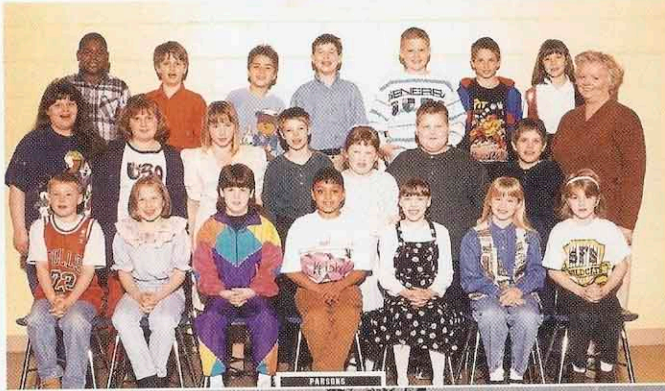

The Yearbook Staff and the Class of 2005 would like to express their appreciation to Mr. Jim Ayers for allowing us to photograph the Senior Superlatives in his home.

MARCHING THROUGH TIME...

Last spring was a melancholy time. It was a time when we had not only to say good-bye to our graduating seniors, but also to our band director. Because of the departure, we knew things were about to change. We, as a band and as individuals, were embarking on a new adventure. Then Mr. Crockett came to lead us. He challenged and encouraged us to do our best.

During the summer, we were pushed to our limits. We practiced and played. After those long hours, we were ready to put everything on the field. BRING ON THE HALFTIME!

Over the next few months, we did more than just halftime shows: we went to competitions, our drummers participated in a P.A.S.I.C. event in Nashville, and we went to play at the All-West elementary schools. We even had a few members try out for all-west. We played everywhere from Mainstreet in Decaturville to Christinas at Riverside.

Our band memories consist of more than just hard work and long hours. You could always see a flag girl cheering on the side... a cymbal strap always breaking... white socks that blinded the crowd, drum sticks flying through the air, or band mommies flashing cameras everywhere.

We'll always remember the laughs and the fun we've had this year. Good luck to our graduating seniors - none could ever fill your shoes.

Your Drum Major,

"Little Cindy Lou"

Director: David Crockett

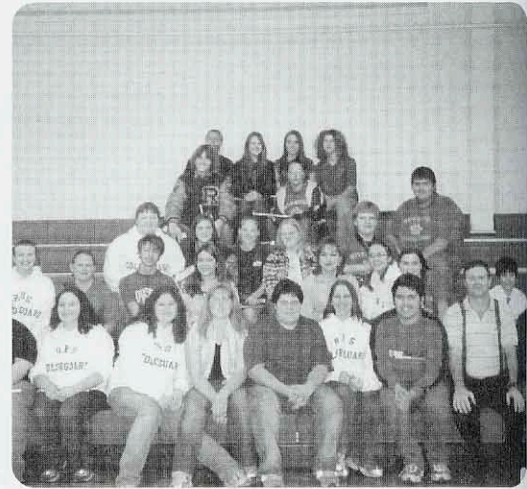

The Band has had a very successful year. They have worked extremely hard, performing at seven football games and two competitions. They also performed at Decaturville Mainstreet, Scott's Hill Appreciation Days, Parsons Christmas Parade, Decaturville Christmas Parade, and Christmas at Riverside. Along with students from the middle school, the band played Christmas music for Decaturville and Parsons Elementary School. This has been a wonderful group to work with, and they have done all I have asked of them and more. All of the band students have maintained a great attitude and have elevated the band to a new level that makes the future look bright.

Cassi

Keeton

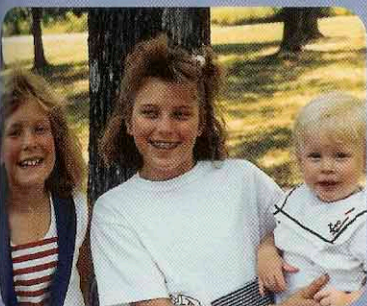

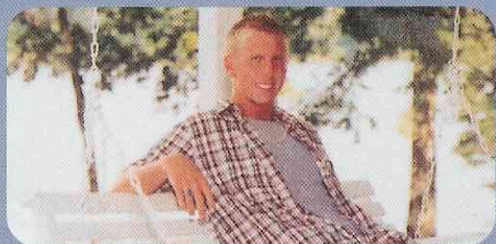

Cas,

On the day you were born, this moment seemed like a lifetime away. Now that moment is here. I wish I could take you back to being that sweet, funny, and talkative little girl again, but I can't. I don't want to let you go—but I must. You need to make your own dreams come true. God blessed you with a uniqueness that is truly your own; use it. I hope you keep all the memories and laughter of home tucked in your heart and remember them from time to time. And remember no one will ever love you more than Daddy and I do. We are so proud of you.

Love,
Mom, Dad, and Kelsi

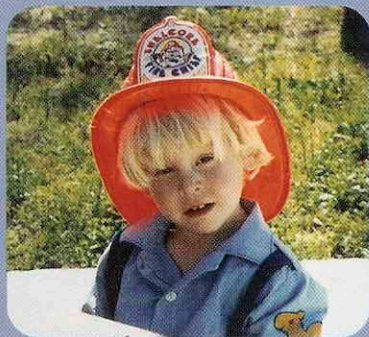

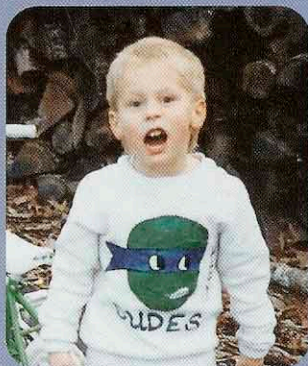

Nicholas Coleman

You have been the light of our lives.
Know that we are always proud of you.

We love you,
Mom, Dad, Shelley, Payton,
Amanda, Eric, and Ethan

Hope Brasher

Hope,

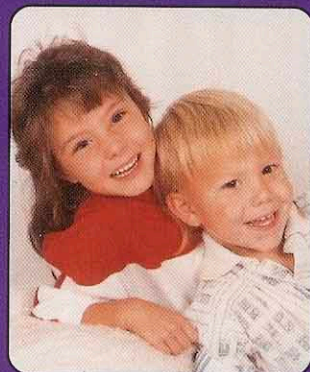

It seems like only yesterday that God blessed us with a beautiful baby girl. You were our first, the beginning of our family. You have grown from that little girl with a million questions "why", into a beautiful young lady whom we are so proud of. For the last 18 years we have done our best to guide you down the path that was best for you. We know you haven't always agreed with the decisions we made, but they were always made out of our love for you. Now as we watch you grow into an adult and make your own decisions in life, it is so hard to let go of someone. After 18 years of being the parents, now we also want to be your friend: someone you can confide in, someone to sit and listen, someone to share the good and the bad with. Remember the most valuable things in life cannot be bought with money. They are the little things that memories are made of that are forever in our hearts, and the everyday gifts that God has blessed us with that we see only if we take the time to look around us. Always put God first and pray for His guidance and you will make it through all you are faced with. No matter where life leads you, remember we will always be here for you. You will always be "Our Little Girl" and Daddy's "Pumpkin."

We love you,
Mama & Daddy

Hope,

You are not only my sister, but my best friend. Someone I talk to, fight with, love and hate at the same time. We have always been so close and I will miss you a lot. You better always be there for me, and you know I will be here for you, since I always let you have your way.

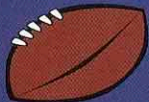

Love ya,
Chase

Joey,

You are the greatest nephew on earth
You will never know what the joy we shared has been worth
Seems like only yesterday you started to school
And have always followed the Golden Rule
I watched as you hit the ball, ran, and slid into home plate
Was always scared you would be a second late
Watched you on the football field with pride
Seems you can be good at whatever you decide
Remember what really counts is what you give away
So spread your love each and every day
I know it seems sad to leave Riverside High
But there is happiness even after we die
It is time now to set new goals for your future plan
Set them high and succeed when you can
You can always know that I will be on the sidelines cheering for you
No matter what you decide to do.

Love,
Cindy & Tracy

Joey,
I love you this much.

Brittany Fisher

Brittany,

You've gone from my little angel to a beautiful young lady. Time has passed so quickly and now it is time to let you go...so you can spread your wings and fly. I have always been so proud of you, proud to be your mother. I know I've pushed you to do your best but I knew your potential.

You have blessed my life with your laughter, your smile and most of all with your LOVE. Go out in the world with an open mind and an open heart. Let God continue to guide you throughout your life and with His grace there will be nothing you can't do.

God took a piece from the ray of light that shines from Him to make you the star that shines in someone else's eyes...You're His...you're a gift. The most precious gift of all—my daughter.

I love you with all my heart. You'll never know how much I'll miss you when you leave to fulfill your dreams and find the true person

Angel,

Words can't ever say the joy you have brought to my life, how much I have loved watching you in sports, and all the things you've done to make me smile.

*I Love You Always,
Granny Imogene*

Angel,

From the day you were born, you have brought so much happiness to my life. We have had so much fun together. I remember when we brought you home from the hospital, how proud I was of you. Watching you grow and become a young lady, you have made me proud. It is hard to believe that you are graduating high school and going to college. I want you to always remember one thing: I Love You more than life itself.

*Love,
Daddy*

*My little girl,
Well, sis, the time has come: it's time for you to graduate and move on with your life now. These 18 years have been so short. I've enjoyed the years we've had together. The junior pro basketball games that you played, you were so scared the first game you said, "Mom, I don't think I can do this," and I said, "Sweetheart, you'll be fine," and you were. After all the T-ball games you played, you decided to be pitcher and still you are pitching away. You have accomplished so much in your life. I remember all the travel softball games you had. Those were so precious to me. Angel, I know we have had our ups and downs, but we've always come through them. God has been there to help us get through the bad times, but we've had more good times than bad. We've laughed, cried, and shared so much together. I will cherish all those times together forever and ever. I want us to always share things together. I will always be here for you, through thick and thin. There's nothing you can't come to me about; we will work through whatever comes along. We have God to help us always. Always keep God in your heart and in your life and have faith that God will always see you through. I Love You more than you will ever know. May God guide you and keep you always.*

*I Love You So Much,
Mom*

Angel,

You are a great granddaughter. All those years, we enjoyed your ball games and other things you did throughout your life. May God Bless and Keep You.

*We Love You Very Much,
Mamaw and Papaw*

Penny Goodman

Penny,

On March 25, 1987, God blessed us with a beautiful daughter we so much wanted for years. You won our hearts over immediately. We have watched you grow up so fast before our eyes. You've always been a bright, beautiful, intelligent child quoting word for word your books and songs before you could read. We admire the independent person you have always been. Determine not to give up the good qualities of honesty and friendship that will follow you throughout life. The apple you received in Miss Gay's 1st grade has always been on our refrigerator, faded but still remaining. "What you think of me, I think of me; what I think of me, becomes me!" We are proud of you in everything you do. Remember you have always been the gleam in our eyes. We love you very much. Set your goals and go for them, and we will be behind you.

Love,
Mama & Daddy

P.S. I wish you were my little girl again.

Hope you have fun in college, cuz i wil in ur room!

Dear Marcus, Almost Eighteen year ago God blessed us with one of the greatest blessings of life. You came to us so small and frail and we often wondered how in the world we would ever manage to raise you up. But here you are almost fully grown and ready to tackle the world on your own. You have a delightful sense of humor and the greatest ability to encourage and comfort people and we are so proud to call you "son". Don't ever forget how much we love you. And don't ever forget how much God loves you. Our prayer is that all the things we have tried to teach you about God will endure in your life and that you will serve Him with confidence and joy. Remember to "count it all joy" and that "all thing work together for your good".

Your Mom and Dad In Christ, Jeff and Susan

I am proud of you, Love, Gramma Hainsworth

Marcus, it's hard to believe you're about to graduate. We remember your first visit to us in Bowling Green, KY when you were a blond-haired (cotton-top) little boy only 3 weeks old. You were cute then, and now you've grown into a handsome, capable young man ready to take on the world. God has had His hand on you since you were born, and He'll be with you through each stage of your life. Remember to "Trust in the Lord, and lean not on your own understanding. In all your ways acknowledge Him, and He'll direct your paths". We expect awesome things from you Marcus because you are such an awesome person! We love you very much!
Uncle Garry and Aunt Delynn

We Love you! Uncle Timmy, Aunt Cathy, Ashley, Courtne and Whitt

Melinda Mae Ladner

All the love, joy, and adventure you have brought into my life since you were born have let me know every day how blessed I am. You always showed your independence, always showing you had a plan for your life. The day you turned sixteen, you brought your flowers from school and gave them to me in the hospital. From that moment on, you took over all the driving bills and household responsibilities. You managed to take care of me, keep up your grades, keep us all laughing and together, and still make time for yourself. Now you're moving into another phase of your life. I want you to know how very proud of you I am. Our life has never been boring but it's a little scary too.

Daddy's Girl,
For 18 years I have watched
you grow from Daddy's little
girl to a very sophisticated
young lady. I am so proud of
everything you will accom-

could have asked for in a
daughter. I love you and
hope you succeed in every-
thing you do in life.

Philpott

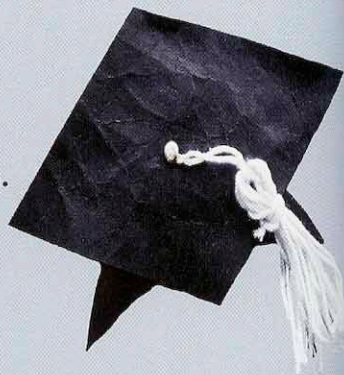

Ryan,

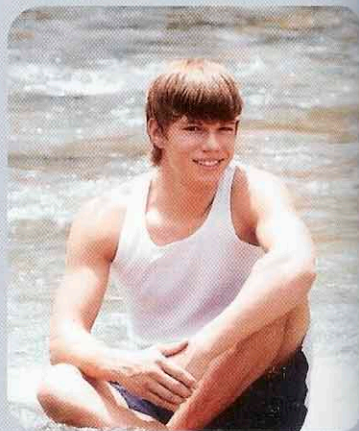

Wow, you're a senior and graduating high school. It seems just yesterday we were bouncing you on our knees and rocking you to sleep. Ryan, words can't express how proud we are of the young man you have become. You have blessed us from the day you were born. It is an honor to call you our son. Continue your walk with God; He loves you more than we could ever hope to. Be positive, set goals, and stay focused. Nothing is beyond your reach if you believe in yourself. Don't let life get you down; when you stumble, and you will, pick yourself up and continue on. Don't be afraid to ask for help when you need it, but most importantly, be quick to help those in need. No act of kindness ever goes unpaid.

Joey,

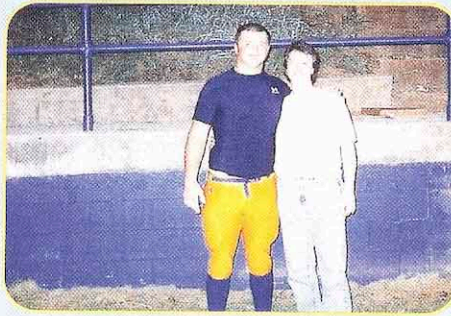

On December 23, 1986, I was blessed with a sweet and innocent baby boy. It is hard to believe that it is time for you to graduate.

You have turned out to be a bright and intelligent young man with the ambition to do anything you want. I enjoyed and loved watching you play teeball, baseball, basketball, and football.

I wish you the best of luck in the future and will be there to support you in whatever you do. Keep God in your life. It is a new step out in the world.

I love you more than you will ever know. I will be just a phone call away.

Allie Jo,

Well, it's finally here. You've looked so forward to this time in your life. It seems such a short time ago you were Mama's baby and Daddy's little girl. Look at you now: you've grown into quite the young woman, a young woman who loves God and has always strived to do your best, often going the extra mile if needed.

Always remember we love you,

We can't believe our little girl is all grown up! It seems only yesterday we were in the nursery fighting, pulling each other's hair. Who could ever forget the Baby Jesus episode or seeing the evil Hayley? Now a new chapter will open, but we will still always be the best of friends, no matter what. We have been through everything, especially this past year losing a member of "THA GURLS." Amanda loves you, Kyla, and she is watching over you and taking care of you every step of the way. Life hasn't been easy for you, but you have done a good job accomplishing all the things you want out of life. You always have a smile on your face and determination to get the most out of life. You have many friends.

We have watched you grow and learn, laugh and cry. We have tried to help raise you and make your life as normal, the best that grandparents can. You are our grandchild #7, and believe me, you are a gift from heaven.

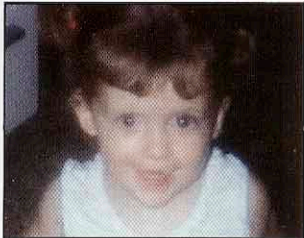

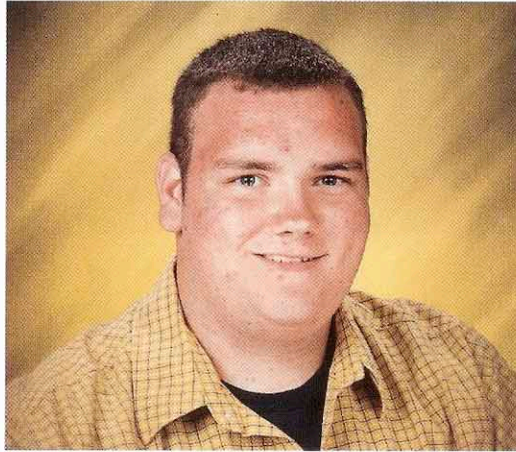

It seems only yesterday that you were the loving little boy in the carseat beside me everywhere I went. Now you are the handsome young man preparing for the giant step in your life.

I thrive on those kisses and those words, "I Love You, Granny." Those are the most loving and rewarding words that can be spoken and you say them a lot. "I THANK YOU!"

Granddaddy and Granny June wish for you good health and happiness in the years to come.

Your Mom would be so proud of you!!

P.R.

It is so hard to believe that you're a senior, and I really don't know where to begin. Seventeen years ago when God sent you to us (our surprise) it was hard to realize what was ahead. There have been some bumpy roads, but each time you have faced each one with a great attitude and a smile, always giving 110% of yourself. We are very proud of you. Always look to God for your strength, setting high goals and tackling them like you tackle the game of football.

*We love you,
Mom and Dad*

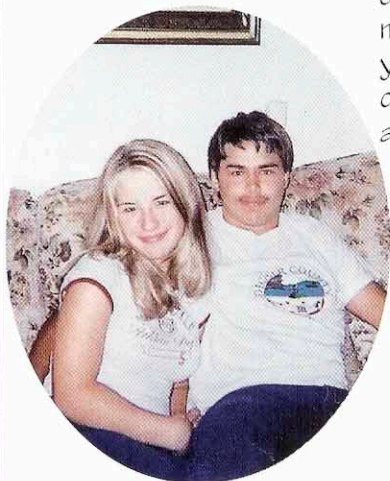

P. R.

It is hard to believe that you are a senior and graduating high school. As I watched you grow from a little brother to a man, you have influenced me even when you thought you didn't. I want you to know that I have enjoyed having a 'little brother' to ride with, travel with, and most of all, be with, over the past seventeen years. Set your goals high and ride off, aimed toward them in the future!

Ronnie Inman

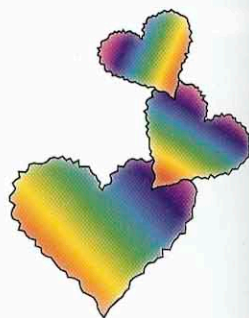

Ronnie,
You have made this year one of the most amazing and memorable years of my life. We've made so many wonderful memories together, ones I know I will never forget. Ronnie, you are such an amazing person with so many talents, and I am so proud of you. After all you've been through, and yet somehow you still manage to make it out to be the most wonderful guy I could have ever asked for. I can honestly say you are one of the greatest friends I have ever had, but you mean so much more to me than that. Since we've met, I can't recall a day I haven't smiled because I'm with you, and I don't know what I would do without you. I wish you the best of luck in life and in college, and I can only hope I will be a part of it. You have accomplished so much in your life and have blessed the lives of so many people. I only want you to know how truly special you are. Also, I want you to remember most of all that I love you not only because of who you are, but because of who I am when I'm with you. *Je t'aime, mon amour, toujours!*

With all my love,

Em

Forever Friends

You're my friend and that is true,
But the gift was given from me to you,
We went thru moments that were good and bad,
Even moments that were happy and sad,
You supported me when I was in tears,
We stuck together when we were in fear.

It's really sad that it had to be this way,
But it has reached its very last day.

Miles away can't keep us apart,
'Cause you'll always be in my heart

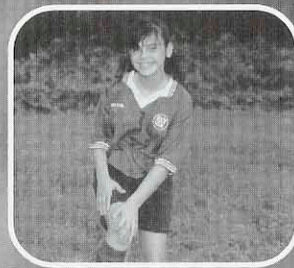

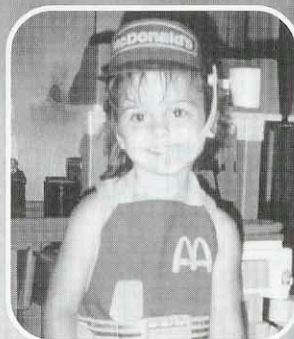

**Good Luck

Tabitha D. Douglas

Tabitha,

On the day you were born to this place,

We began every day with a smile on our face.

*There should be no doubt how proud we will always be
Of the young lady who plays every moment happy and free.*

The word 'No' is not in your mind or understanding.

Only 'I will' or 'I can' is the way you have faced every challenge.

We are so proud you have made it to this place in your life so far.

You will always be our bright and shining star.

Just remember the words we have shared and have always said:

Nothing is unattainable or too far from your reach,

that with determination it can be had.

We love you without a doubt.

You are the soccer-playing, fun-loving dynamic team bowler, musically

talented, computer-using, car-driving, Olympic-swimming girl that

never, never gives UP!

And we will never give up on you.

We love you.

Faith

Faith,

On September 27, 1987, God blessed us with the most precious gift we could have ever asked for. You have always been such a blessing to us, and you make our life complete. We have a special bond that only we can understand. We are so proud of the person you've become. You are a beautiful, artistic, compassionate young lady, and a wonderful mother to your son. We are so proud of all your accomplishments through the years. You have always been a good student. When your circumstances were really difficult, you were tough, and you didn't give up. Now all your hard work is paying off. We can't believe you're graduating high school. You will always be our little girl. We will always be proud of you and be there for you no matter what. Remember, there is nothing you could ever do to make us or God stop loving you. When life gets hard and you need help, just remember the meaning behind your name.

We love you as high as the sky and as deep as the ocean.

Mama and Daddy

Faith,

We made it! It's been the best four years of my life. I hope the years to come are as good as the last four have been with you. You and Travis will always be the light of my life.

Amy,

It's been almost six years since you came into our lives. We are so glad God chose for us all to be together. Everyone has had to make a lot of adjustments, but it's been worth it. You have brought a lot of joy into our lives. We are so proud of you! You are a beautiful, intelligent, fun-loving young lady. Whatever you set your mind to do, you seem to be successful at. You have always been an excellent student and really have applied yourself. Now you're graduating high school, and it seems like it all went by so fast. We know that you have a bright future ahead of you. Due to the circumstances in your life, you have become a very determined, hard-working, independent young woman. We pray that God will keep His hand upon every aspect of your life. When you're out of college and on your own, we hope you will always stay close and remain a part of our lives forever.

We love you.

It just doesn't seem possible that you have already grown into a beautiful young lady.

It seems like only yesterday that I went to the hospital with all our little blue things to bring our baby boy home in; (surprise) you were a girl.

From then until now, you still continue to surprise us.

We hope that all your hopes and dreams come true and always keep God in your life. Keep up the good work with your music and singing.

Just remember no matter how old you are, you will always be our baby.

Chris & Renita

Dylan,

You are an answer to my prayers for a son. You have always made your dad & me very proud. Your smiling face & kind heart have brought sunshine to our lives. I have always said God has a plan for you & someday you will come to realize what it is.

We wish we could protect you from all the worries of this life. This world will try to tell you that might means more than right, that beautys on the outside and being good is a losing fight. But remember what we've taught you, because this world will make you choose: Hold to Jesus - He's holding on to you. Rest deep in His goodness whenever things get rough, don't lose sight of His mercy, and don't ever doubt His love.

We Love You, "Sunshine",

CLASS OF 2005 CLASS OF 2005 CLASS OF 2005 Kamii

When you were younger, I showed you how to establish goals in your life, whether they were "short term" or "long term". More importantly, how self-rewarding it would be to achieve them.

Throughout your childhood years I've always stood behind you, catching you if you fell, only to stand you right back up again. In doing that you have learned to stand up and face the many hurdles life dishes out to you.

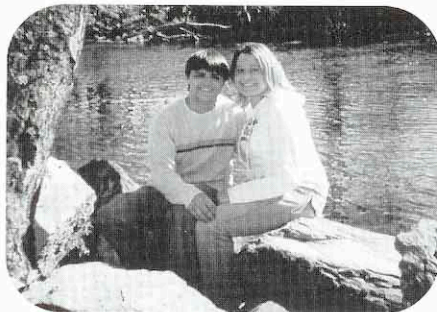

As you were reaching your goals and chasing your dreams I noticed you weren't afraid to stand up for what you believed in. Furthermore with every goal you accomplished you seem to have even more determination to succeed in another. You are a free-spirited woman with the courage to face obstacles no one else dares to. I admire you for that.

There is not a day that goes by I'm not proud of you. Continue to make good choices in life and always remember those ten important little words: "If it is to be, it is up to me." I love you and good luck in your future!

Love Always, Mom

Chris

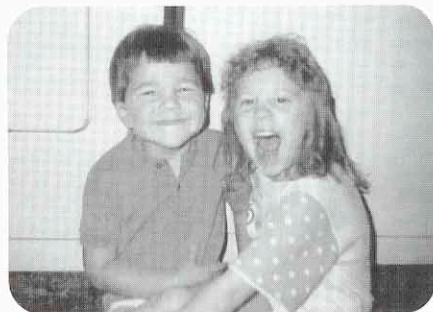

Chris,

Sometimes in life you find a special friend: someone who changes your life just by being a part of it, someone who makes you laugh until you can't stop, someone who makes you think there really is good in the world. As the years have passed our relationship has grown, but we will never outgrow one another. Thank you for accepting the ways I have changed over the years. When you start college I will accept the way you change, because believe me, you will. Also, even though you will go off to college, keep in touch with your high school friends, because you will need them later. So when the world seems too much to handle, remember this: "I'll always be there for you when the rain starts to fall, I'll be there for you like I've been there before, I'll be there for you, because you're there for me too." I will always love you!!

Scott,
There is so much I would like to say to you, but I don't have the right words or space. It's amazing that our senior year is already here; it feels like just yesterday we were sitting on my swing set talking about kindergarten. You have been like a brother to me all our lives; even though we don't spend as much time together, I would be hard pressed to think of a fond memory without you in it. We had some great times when we were kids. I pray that all your dreams and hopes for your life come true. You know if you need anything or someone to talk to, I'm here. Always remember God loves you and so do I. Reach for the stars, cuz. Congratulations!

Ryan

Ryan,
You and I have grown up together. You are like a sister I never had. We have shared the good times and bad. It is hard to believe we are seniors and will be going our separate ways. I can't help but think about all the memories we have made. I cherish every moment that we have spent together. No matter where you go in life, I will be your "favorite cousin." I hope you have a good and prosperous life. I wish for you good health and happiness, now and forever.

Brittany

Brittany,

Where do I start? We've known each other for so many years and have made so many memories. It seems like only yesterday we were having our parents take us to each other's house, spending the night, swimming, playing softball & basketball, working together, or just hanging out. And how could we forget that night at the movies, playing tennis and the swings (lol)? and all our talks. But now we are driving and going our separate ways but manage to keep in touch. I hope we make many more memories.

We've been through some tough times together but have managed to get through them. You are a great person and I wish only the best for you in life. I'm sure whatever your plans for the future are, you will be successful in them. I hope that our friendship will never end no matter where we end up. I love you and I will always be here for you. Love Always,

Sarah

Brittany,

We've known each other for quite some time now, and there for a while it was like we were practically sisters. Now times have changed and we're not as close as we used to be. However, our friendship remains as well as the MANY memories we've shared. College is a big change, but it's a great experience. I wish you all the luck in your future, but most importantly, I wish you happiness.

Love Always,
Laura

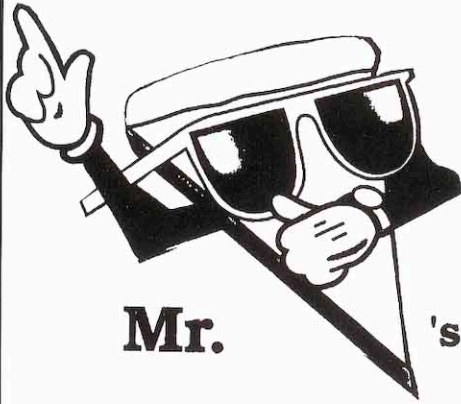

Brittany and Hope

Friends will come and friends will go, the seasons change and it will show, I will age and so will you, but our friendship stays strong and true.

Time to Help

On December 26, 2004, a tsunami in the Pacific Ocean killed about 150,000 people, prompting Nicholas Gilbert and Steven Cox to organize a relief effort. Other students helped them collect the donations at lunch, and the money, \$569.00, was presented to Red Cross representative Jeff Kobiski at the February 5 ball game. Nick and Steven are shown with Mr. Michael Lee, who advised them on this project.

A Time To Remember

Time began when we were born,
And the world sprang to life,
An infinitesimal instant for us alone.
In seconds we saw years pass,
For moments we thought they'd last,
A sweet ignorance always welcoming us home.
More rare than yellow diamonds,
Memories last forever,
A tender tribute to our lives, past and future.
Eternity's all that's left,
Until time begins again.
Are we ready? Time will tell. For now, Farewell.
